

Boost City Campaign On Active Way

Chamber Of Commerce Names Committee To Make Membership 100 Percent

The proposal to start at once an active campaign to broadcast over a wide area the advantages of living in Sierra Madre, took material form and was launched on high speed at a special directors' meeting of the Chamber of Commerce held on Tuesday night. L. K. Layton, E. D. Burbank, P. R. Penn, Charles B. Klunk, and James C. Heasley were appointed a committee to gather in associate members at the nominal fee of \$1 for the remaining six months of the year. The funds derived will be used for the issue of a new booklet picturing the attractions of Sierra Madre, and telling of its unexcelled features in the way of transportation, water, schools and healthful climate.

The action was taken in response to the request of many persons for associate membership in the Chamber, based on the desire to do something material for their home town. The members of the board expressed the belief that the business houses would shortly be listed one hundred percent in cooperation with the Chamber.

The leading home-town artists have volunteered to help in the preparation of the booklet and it promises to be second to none in the State. J. S. Billheimer, president of the Chamber, stated that the new members will enable them to maintain a year-round campaign of advertising, with material results to all business and property interests.

Standing out among the cities of Southern California as an example of steady growth and improvement, financially, as well as artistically and socially, Sierra Madre is making a steady advance. During the last five months the Chamber of Commerce has answered inquiries from residents of Nebraska, Arizona, New Mexico, Pennsylvania, Colorado, Montana, Ohio, Washington, Missouri, and Texas, besides communications from 21 different localities in California.

At the registration and information booth which the Chamber of Commerce maintains yearly at the Wistaria Fete, 1934 showed a total attendance of 28,755, including visitors from Canada, Mexico, England, Holland, Germany and Hawaii and various South American countries. Over 25,000 circulars were distributed from the booth, telling the story of the background and growth of the community.

City Orders New Radio Equipped Police Patrol Car

Sierra Madre's dilapidated, antiquated police car will go to the junk heap this week. The City Council Wednesday night voted the officers a new V-8 Ford through Frank Lovell of the Sierra Madre Garage, local distributor. The purchase comes right on the heels of the acquisition by the Los Angeles police department of 60 cars of the same type and design for its radio patrolmen.

The new equipment will be a two-door sedan with radio installed and will make it possible to apprehend speeders, catch up with the fastest moving law breakers generally and not give them notice of an officer's approach a mile or so away as the old threshing machine that has been in use was capable of doing. The old car has been in use day and night for six years and has been pronounced unfit for service for more than six months during which the city has been violating the State traffic laws by its operation.

Rihard Pupils To Appear In Recitals

Pupils from the class of Gustave Rihard will be presented in two recitals, the first in the Chapel of the First Baptist Church, Pasadena, on Saturday evening, June 16 at 8 o'clock and another at the Woman's Club House in Sierra Madre on Tuesday evening, June 19, at 8 o'clock.

The public is most cordially invited to attend both these recitals.

Former Webb Home On Baldwin Avenue Bought By Kinneys

Mr. and Mrs. William Kinney, of 633 West Central avenue, purchased the home of the late Mrs. Franka Webb at the corner of Baldwin and Bonita avenues, this week through the office of Woodson F. Jones of the Sierra Madre Realty company. Mr. and Mrs. Kinney will take possession of their newly acquired property in about a month.

Local Physician Injures Traffic Cop In Collision

While making a left turn at the blind corner at Baldwin avenue and Foothill Boulevard last Thursday afternoon, Dr. J. Earl Gossard, of West Montecito avenue, accidentally collided with Motorcycle Patrol Officer Cecil Calkins. Dr. Gossard made a short turn onto Baldwin avenue from Foothill Boulevard to avoid a collision with another machine, striking Officer Calkins, who was parked at the corner.

Officer Calkins was taken to St. Vincent's Hospital in Los Angeles, with one of the vertebrae of his back fractured. It is reported by the State Highway Patrol substation at Rosemead. He also suffered injuries to his left leg and arm.

Dr. Gossard was arrested by Capt. Verden Moffett of the substation and charged with "cutting a corner" and driving on the wrong side of the street. The hearing which was to have been held yesterday in Pasadena Justice Court, has been postponed to June 21.

According to Dr. Gossard the officer, following offers of aid, declared he was unhurt and rode away on his machine. It was not until later that his injuries were discovered.

Comedy Riot To Be Shown Next Friday

Twelve Local Players In Cast Of Woman's Club First Stage Venture

Including twelve of Sierra Madre's cleverest amateur performers in the cast, the Woman's Club production of "Two Girls Wanted" next Friday and Saturday evenings will be the club Drama Section's first public presentation. The play, a riotous comedy in three acts and six scenes, is by Gladys Unger and is being directed and staged by Mrs. Pearl Virginia Steinberger, well known here for her work with the Community Players.

Playing the romantic leads are Treva Scott as Marianna Miller, and Selwyn Myers as Dexter Wright. Miss Scott and young Myers have delighted audiences not only in Sierra Madre, but on the professional and semi-professional stage as well. Miss Scott appeared in a motion picture of high school life produced by Bryan Foy, while Myers has been very actively engaged at the Pasadena Community Playhouse in the past months and recently won the men's prize for the best stage performance at the Little Theatre tournament at Santa Ana.

The production has been under the general management of Mrs. Steinberger and Mrs. Victor O. Schmidt, drama section chairman. Doug Williams, Drama League production manager, has assisted as stage manager, while Rudolph Hartman Jr., is arranging the lighting effects and will act as chief electrician. Mrs. C. H. Sandage is business manager, with Mrs. J. C. James as her assistant.

CHURCH BELLS ANNOUNCE MARRIAGE OF REV. ARTHUR O. PRITCHARD AND MRS. F. H. JONES

Ceremony Is Performed At Bride's Rim Of The World Mountain Home

SIERRA MADRE friends received announcement on Tuesday morning that, with the ringing of the Congregational Church bell at noon, the wedding of Rev. Arthur O. Pritchard and Mrs. Alice Spencer Jones would be taking place at Crestline in the San Bernardino mountains. The ceremony was performed by Dr. Raymond Brooks of the mountain home of the bride at Horseshoe Bend on the Rim-of-the-World Drive. Miss Frances Thompson, of Corona, sang with violin accompaniment Schubert's "Serenade" and Oscar Rasbach's setting of "Trees."

Both bride and bridegroom are well known, not only in Sierra Madre but throughout Southern California. The bride was the widow of the late Fred Hooker Jones, well known business man and orange grower. She has been active in social and church work, being especially devoted to activities with and for young people. Before making her home in Sierra Madre she was prominent in women's club work in Los Angeles.

President Assailed As Radical In 63

Forum Hears Contrast Between Post Civil War Days And Present

Harold Carew, program chairman of the local Forum, started the Tuesday night meeting off with unusual zest, when he read the following from a clipping: "The administration shines, like the moon, by reflected light. It borrows its ideas and its policies so far as it has any, from these crazy radicals. By surrendering itself to their wild and reckless guidance, it is ruining the country."

"Now," asked Mr. Carew, "will anyone in the audience try to guess from which one of our metropolitan dailies this was clipped?"

In unison, a number of voices cried out the name of one of the oldest dailies in the Southland. "The article," said Carew, "was printed in the New York World in 1863."

Carew then launched into a discussion of current events. He called attention to the fact that Great Britain's failure to make a payment on its debt to the United States was explained by a huge budget of half a billion for war materials. Turning to the war veterans he made a plea for them.

"Remember Hobson," he said, "out of his kissing fame he advanced to make a fortune out of the anti-saloon league, went to Washington and after only 14 years of service got himself retired as an admiral at \$6,000 a year."

Col. H. B. Hersey, of Sierra Madre, referring to the Economy League, directed some pointed shafts at what he described as the financial oligarchy, describing the propaganda issued by these groups as covering the Nation with vicious influence, depriving the deserving war veterans of shelter and care and reducing school funds.

Mrs. Johanna Lewis, Mother Of Official, Is Called By Death

Mrs. Johanna Davies Lewis, mother of Daniel H. Lewis, assistant business manager and assistant city clerk of Sierra Madre, passed away at her home, 215 North Meredith avenue, Pasadena, on Thursday, June 7, after a brief illness.

Mrs. Lewis was born May 19, 1851, at Cwmgytarch, Glamorganshire, Wales, and made her home at Lansford, Pa., since 1865, previous to coming to California 21 years ago.

She was the mother of seven boys and two girls, four boys surviving: John D. Lewis, of Bradley Beach, N.J.; David G. Lewis, of Chace, Colo.; Thomas Lewis, of Allentown, Pa., and Daniel H. Lewis of Sierra Madre. Services were held on Saturday morning by George W. Davis, of the Christian and Missionary Alliance Church, of Pasadena, in Mountain View Cemetery.

Palmer Jinx Still Holds Our Sojers

Mr. Palmer, pitcher who keeps the Pasadena soldiers at or very near the top of the 18th district American Legion League pennant race still has it... whatever it is that he uses to buffalo the Sierra Madre veterans with. He held the locals scoreless for eight innings at Brookside Park Friday night, finally turning them back 7-3. A victory would have tied them for first place with the Pasadenans, whereas the defeat puts them in a tie with Monterey Park for second place.

Sierra Madre not only lost the old ball game, but will be minus the services of one of its most valuable players, Minor Harkness, who broke his collar bone when he slid into second base in the first inning. He will be out of the game for some weeks. Mayor Reavis, who took Harkness place at short, put up a good article of ball.

Palmer had our Legionnaires in a trance until the eighth when they threw off the spell for a minute and sent three runs across. Evans singled, Reavis struck out, Gwyn flew out, Hill and Burroughs singled, Pratt sent a long fly to left field which Mr. Young obligingly allowed to trickle through his hands and three runs scored. With Pratt on second Matis flew out and the rally was over, Palmer exercising (Continued on Page Five)

Crescenta Family Buys Canyon Home

Mr. and Mrs. Horace S. Craig, of La Crescenta, have purchased the lovely Canyon home, "Fern Cliff" at 475 Woodland Drive, through the office of Miss Laura E. Cadmus. The house is a rustic type and the four lots, surrounding are artistically landscaped in keeping with the beauty of the home. The Craigs are renovating and adding new features to their property.

Local Pupils Featured In Graduations

Sierra Madreans Receive Honors In Exercises At Woodrow Wilson And PJC

School activities will close for the year at graduation this afternoon at 5 o'clock at the Rose Bowl, when students from Pasadena Junior College and John Muir Tech will receive diplomas.

Sierra Madre will have six graduates at Muir Tech High School this year. In the group will be Clara Clarke, June Lacy, Enid Murray, Grace Allen, Alice LaLone and Joe Hinojos. Pasadena Junior College will have 12 Sierra Madreans among the graduates in the upper division and 25, who will receive diplomas, from the lower division.

Exercises at the Rose Bowl will begin with a concert of outstanding music by the Bulldog Band, augmented by members of the John Muir Band. Miss Elizabeth Morridge will play Weinlski's "Romance," and a trio consisting of Miss Morridge, Hazel Berg and Moreland Kortkamp, will accompany Warriner in the "Salutation."

The combined glee clubs of the two schools will present two choral numbers, "Sanctuary" and "Courage." Students will direct the concert numbers of the band, and Audre L. Strong will present the band accompaniments and the incidental music of the pageant. One hundred and fifty ushers will be under the supervision of Ben D. Harrison and Edward D. Cornelson.

The gift of the Woodrow Wilson senior class, a pair of light reflectors, was presented by Ronald Pulling, during the graduation assembly at the junior high school on Wednesday. G. A. A. awards were presented to Wilson girls during physical education periods. Virginia Stimpfing was honored with an award for "35 numerals."

As a result of the student body election of the school, Janette Haggood was announced a candidate for president, the election to be held when school resumes.

Russell Pratley was among the intermediate lettermen to receive awards for baseball. The seniors to receive their "W"s at graduation exercises were Herbert Lacy and Delmar Mathis.

Twenty-two Sierra Madre graduates received their diplomas from Woodrow Wilson at the graduation exercises on Thursday.

Two Sierra Madre athletes were awarded Pasadena Junior College track and field letters at the annual Spring banquet at Hotel Green in Pasadena Tuesday evening. Sam Schwartz, of East Montecito avenue, was presented with his honorary emblem for outstanding performances in the pole vault and hurdling events. Edwin Scott, of 195 Santa Anita Court, received recognition for his shot-put ability. Both youths are rated Class A in the lower division athletic ranks.

GRADUATES AT GRAMMAR SCHOOL BANQUET PARENTS AND ENTERTAIN WITH PLAYS

Sketches Written And Directed And Costumes Made By The Students

As a farewell to the Sierra Madre Grammar School, members of the 6th grade graduating class were hosts to their parents last Thursday night with a banquet and entertainment. The clever presentation of eight skits on the evening's program amazed parents and friends.

The plays were written and directed by the students and many of the costumes were made by them. The characters of the plays portrayed their roles with the stage presence of veterans. Lee Shippey, columnist of the Los Angeles Times, was master of ceremonies for the evening.

The banquet, preceding the entertainment, was held in the cafeteria, where the dining tables were a rainbow of colors. The affair was the only exercise held for pupils graduating to Woodrow Wilson Junior High School.

The first playlet, "The Ride of the Walkies," had Anna Sue Adwell and Nancy Reel cast in the roles of pages. Siegfried was portrayed by John Ashmore in the skit of the same name; William Carleton had the part of Mimi; Yoshihisa Umekubo, Bear; and the dragon was made by Francis Sexton.

The chorus, from King Arthur's Court, who shall sit in the Siege Perilous, consisted of Esther Richter, as King Arthur; Charles Shippey, Galahad; Richard Twycross, Sir Lancelot; Robert Thomas, Sir Gawain; Francis Sexton, Sir Percival; Melva Hill, Sir Kay; John Grippi, Sir Bors; Stanton Irvine, Sir Tristan; Jean Bradford, Queen

Extension Of East Foothill Blvd. Into Pasadena Near Now

Extension work on East Foothill boulevard will commence as soon as Pasadena acts to grant the county jurisdiction on the work. The Board of Supervisors will call for bids on the construction of the road which is to be extended from North Santa Anita avenue to connect with Walnut street at North Greenwood avenue, a distance of 3,650 feet. Present plans call for crossing the Santa Fe tracks diagonally at Greenwood avenue and a way is being sought to avoid this grade crossing.

Teachers Of Local School Re-elected

All the teachers of the Sierra Madre Grammar School, excepting Mrs. May Schneeberger, were re-elected at a meeting of the school board Tuesday evening.

Mrs. Schneeberger had requested a year's leave of absence and Miss Dorothy Mootte was selected in her place. She will preside over the 4-B grade with the opening of the school year in September.

The board had contemplated a budget session to fix the amount required for operation of the school during the next fiscal year, but deferred action pending inspection of the school building by an engineer from the State architect's office who is inspecting the building to determine whether or not it was damaged by the earthquake. Rudolph R. Hartman, president of the board, said the school had been thoroughly gone over by other architects, who found it in excellent condition. However, if any repairs are found necessary as a result of the present examination of the building fund item in the budget will have to be increased for this purpose and it was not possible to fix the amount that will be required.

Garbage Collector Loses His Job Thru Frightful Service

Failure of the city garbage contractor to properly perform his duties to the great annoyance of householders and discredit to the municipality, resulted in the City Council Wednesday night directing forfeiture of the bond posted by the contractor with notice that the contract will be cancelled.

Of recent weeks garbage that should have been taken up Saturday mornings has been permitted to stand in cans along Central avenue and other main thoroughfares until late Sunday night and Monday morning, while the Tuesday collections have not been made for from two to three and four days later. The condition became intolerable and hundreds of complaints showered into the City Hall daily.

Sierra Madre End Of Central Ave. Extension Will Be Opened Tomorrow

New Boulevard From City Line To Villa Road Has Been Completed

That 25-year old dream of Sierra Madre's about a direct western outlet to the world beyond by the extension of Central avenue into Pasadena will be near reality tomorrow when the section of the extended thoroughfare between Sierra Madre avenue and Villa Road will be thrown open to the public.

Big, oil-laden tank trucks and steam rollers traversed the boulevard yesterday as an augmented force of SERRA workmen scattered stone and screenings before and after them and county engineers announced that they could see nothing to prevent opening the first stretch of thoroughfare on Saturday.

There will be no formality when the barriers at the Sierra Madre end of the road are removed and cars are permitted to pass out over the Sierra Madre boundary. The celebration is being delayed until the thoroughfare is completed and one is able to drive directly into the Crown City. City officials are planning much whoopee for this occasion and have been assured of plenty of co-operation by Pasadena officials and the Board of Supervisors.

Two crews of county employees numbering 65 each have been at work on the stretch now to be opened for 10 days. When CWA funds were no longer available the county kept a dozen men on the job with its funds. When SERRA money came along the additional men were put on and the work speeded up.

The new boulevard beyond Villa Road is ready for its coat of rock and oil over most of the distance into Pasadena but will probably not be opened until the bridge over Eaton canyon wash is completed and plans for its construction have been held up pending a decision on other projects respecting Eaton wash now before the supervisors.

Of the 150 men employed on the Central avenue extension now only seven are Sierra Madreans. Local officials were unable to force an agreement for the employment of Sierra Madreans exclusively, though when work first started on the extension practically all of the workmen were local residents. Instead of being given work here a number of the local unemployed have been sent to SERRA projects in San Dimas Canyon and one or two have found places on completion of Arcadia's Little Santa Anita wash project.

Noiseless Fourth Here Is Ordered

Cap pistols and sparklers will be about the last word in 4th of July fireworks as far as Sierra Madre children are concerned. Positively no firecrackers, rockets, Roman-candles, or similar explosives will be allowed here, according to Fire Chief W. D. Richards, who says the city ordinance against their use will be more rigidly enforced than ever before because of the great fire menace this year.

Kiwanians Host To Many Members From Clubs In The Valley

Sierra Madre Kiwanis Club was host to members of Altadena, Pasadena, South Pasadena, San Gabriel, Alhambra and Monrovia clubs on Monday evening in celebration of All-Kiwanis Night. The impressive ceremony, observed by every one of the 1800 clubs in the United States and Canada at the same hour as the Kiwanis International convention in Toronto was observing it, was held at 5:45.

President William Middough presided at the meeting and following the dinner introduced Robert T. Radford, of Monrovia, past lieutenant-governor of the 10th Kiwanis Division, who presided during part of the program. Mr. Radford complimented the younger clubs, Sierra Madre and Glendora, on their growth and development. These clubs were instituted while he was lieutenant-governor, the Sierra Madre organization being seven years old now, and the Glendora club was organized soon after, making it the baby club of the division.

A number of the presidents and past-presidents of visiting clubs were called upon for brief talks. The meeting was adjourned to witness the night ball game between the Sierra Madre and Alhambra teams at the Grammar School grounds.

Harry Bobb Dies In Chicago While Visiting The Fair

Harry Bobb, of 288 Mariposa avenue, well-known in Legion circles here, passed away in Chicago early Wednesday morning. Mr. Bobb and his wife arrived in Chicago on Saturday for a month's vacation and they were staying at the home of Mrs. Bobb's mother, Mrs. Joseph Kupka, at the time of his death.

Mr. Bobb had been a resident of Sierra Madre for over six years and had been seriously ill for two months, previous to leaving for the east. He was born in Philadelphia, Pa., 49 years ago. Funeral services will be held in Philadelphia. He is survived by his wife, Mrs. Louise Bobb and sisters and brothers in Pennsylvania.

Baseball Schedule

Another hectic ball game is promised on the home diamond tonight when the local Legion meets East Pasadena in a league tilt. Interest is centered on the East Pasadena pitcher—Loftus, the speed-ball merchant formerly with the Arcadia All-Stars, whose prowess brought plenty of grief to Sierra night league rivals. Other games scheduled for the week follow:

TUESDAY, JUNE 19
Kiwanis vs. Tyre Printing Co. at Sierra Madre

THURSDAY, JUNE 21
Kiwanis vs. Sierra Madre Ice Co. at Sierra Madre

TUESDAY, JUNE 26
Kiwanis vs. Chase & Sanborn at Sierra Madre

FINE DOUBLE BILLS AT ARCADIA THEATRE

"Men in White," with Clark
Gable in the leading role, sup-
ported by Myrna Loy, and "Up-
per World," with Warren Wil-
liams, Mary Astor and Ginger
Rogers are the two feature pic-
tures being shown this evening
and Saturday at Gillette's Ar-
cadia Theatre.

Frank Buck's newest adventure
picture, "Wild Cargo," and Ra-
mon Navarro in "Laughing Boy,"
is the double program scheduled
for a four-day run beginning Sun-
day. "Wild Cargo" is more thrill-
ing than "Bring 'Em Back Alive"
and will furnish an exciting and
educational evening for theatre-
goers. "Looking for Trouble,"
with Spencer Tracy, will come
to the theatre next Thursday.

Renew Plea For Action By Governor

Reasons For Calling Special Session Of Legislature Are Pointed Out

While California's new governor, Frank Merriam has announced he is studying the necessity for an extraordinary session of the Legislature, Assemblyman Frank G. Martin of this district, repeated the demand and necessity for such action in a radio

To My Fellow Citizens of the 48th Assembly District:

Greetings---

I HAVE TRIED, honestly and conscientiously, to serve this District and the State usefully, as Assemblyman. Measures in the 1933 Legislature which affected governmental economies had my whole-hearted support. I favored then—as I favor now—relief to property owners through lower taxes on common property. I favor lessening of outrageously high penalties on delinquent taxes. I favor fair treatment and relief for home-owners burdened with mortgages. I strongly favor lifting unemployment from the stigma of pauperism and beggary to the self-respecting level of a business-like system of unemployment insurance, burdensome to none.

I have tried to be fair to all legitimate interests. I have striven to serve my District and the State loyally and effectively. I have worked to protect the homes of California against the kidnaper and the murderous criminal.

There is more to be done; I shall be proud and eager to help make California the unhealthiest state in the Union for criminals.

I respectfully lay my work in the 1933 Legislature—and since—before my neighbors and fellow citizens for their judgment. If I merit your confidence, and if you send me back to Sacramento with a mandate to serve you to the best of my ability, I shall honestly strive to represent your interests, and the interests of the whole state, faithfully and energetically.

Cordially,

FRANK G. MARTIN.

Pantomime Is Next Offering Of Child's Dramatic Guild

The Children's Dramatic Guild is preparing to present a pantomime "The Queen who Never Smiled," written by Florence Eakman. The cast was chosen Wednesday by Hazel Miller, who is assisting Mrs. Eakman during the summer months. The cast for the child's version of "As You Like It" will be chosen in the near future.

Many activities are planned for the summer—the formation of a costume department for the children's workshop, i.e., the miniature stage; a benefit whereby funds will be raised to defray expenses for coming productions and a Mother Goose play for the very small children.

address over station KPPC in Pasadena Wednesday evening. In a discussion on "Governmental Problems" he said, in part:

"The most pressing governmental problem today in California, economically, is unemployment. Second to it is the tragic loss of homes through mortgage foreclosures; excessively heavy special assessments; burdensome taxes and outrageously high penalties on delinquent taxes.

"I believe the Governor of this State immediately should summon the Legislature in special session to give substantial relief to taxpayers to victims of overburdened assessment districts, to those about to lose their homes by mortgage foreclosures, and to the unemployed.

"The cost of the special session would be trivial. It would save to their rightful owners, thousands of homes. It would strike a note of hope to a discouraged citizenry. No finer work of statesmanship or of humanity could be accomplished in California today than to bring relief to these innocent victims of monstrously cruel circumstances. In this emergency selfish personal and political ambitions should be submerged in a wave of chivalry and humanity while government performs its basic function, which is 'to promote the general welfare.'

"Theoretically, the United States has a 'government of the people, by the people and for the people.' Actually, the United States and the various states and political subdivisions have a government of a minority of the people, by a minority of the people, for all of the people. One of the greatest menaces to good government in this country today is the bad citizenship of the good citizen. Even in a presidential campaign, barely 50 per cent of the qualified voters go to the polls. In ordinary state and local elections, fewer than 50 per cent vote.

"This is a menace greater than Communism. It is leading inevitably toward compulsory voting. The qualified voter who will not vote may be disfranchised by law ere long. Thus, the high-sounding phrase 'the voice of the people' is becoming 'as sounding brass and a tinkling cymbal.'

"Minorities dominate our elections. Suppose there be six Republican candidates and six Democratic candidates for nomination for Governor in August. These nominations are made by pluralities. Seventeen per cent of the Republicans who vote could determine the nominee. Seventeen per cent of the Democrats who vote could determine their nominee. If only 50 per cent of the qualified voters of each party go to the polls in August, then fewer than 10 per cent of the electors in each of the great parties will decide the nomination. Again in November fewer than a majority of 50 per cent of all qualified electors will choose the next Governor. Who constitute these minorities who dominate politics? Certainly they are not all good citizens. The vicious politician finds his fruitful field in this situation. He gets his cohorts to the polls. The underworld never sleeps. It never takes a vacation. It never misses a chance to spread its influence and its domination. It votes. It may dominate the minorities which dominate the elections. Here is a major governmental problem."

Young People Hold Annual Election; Plan Social Events

Miss Ruth Wheeling was re-elected president of the Congressional Young People on Sunday at their meeting at the church. Miss Marjorie Ashmore will serve as first vice-president; Miss Barbara Hollingsworth, second vice-president; Miss Frances Olds, corresponding secretary; Miss Marian Daily, publicity secretary, and Sam Schwartz, treasurer.

Installation will be held for officers of the league in a few weeks. The new officers are planning social activities for their group during the summer as well as interesting meetings, which will be held at the homes of members on alternating Tuesday evenings instead of Sundays.

A. L. A. Activities

By Minnie Stinman

JUNE is Fidac month in the calendar of American Legion Auxiliary activities. Fidac is an international organization of women's organizations of the allied countries. The name "Fidac" is a coined word from the first letters in the French name of the organization—"Federation Interalliee des Anciens Combattants." In addition to the American Legion Auxiliary, women's organizations of France, Belgium, Great Britain, Poland, Czechoslovakia, Yugoslavia, Roumania, Italy, and Portugal are members of the Fidac Auxiliary.

When the Women's Auxiliary of Fidac was organized in Rome in 1925, the purpose of the organization was set forth in the constitution as being "to reinforce the bonds of fraternity which have united all combatants on the battlefields; to defend the rights of ex-service men, their widows, their parents, their wives and children; to fight for the triumph of Peace." Study of the country in which the Fidac Congress is to be held that year is part of the Unit's Fidac program. Talks by persons who have recently visited that country, or by travelers from abroad visiting in America, make interesting features for Fidac programs.

A Fidac essay contest is conducted by Department each year, in which High School students may compete. The rules governing the contest are published by Department Chairman of Fidac. Each year a Doll Contest is sponsored by Department, which is open to all Auxiliary members, either Seniors or Juniors.

The country to be studied this year is England. The dolls must be 16 inches in height, and dressed in English costume of any period of English history. Research work on the costume of one doll opens up a long vista of historical scenes that must be of great benefit to any one who enters this contest. The dolls must be submitted for exhibition at the Convention in San Francisco, August 13. Award goes to Unit submitting winning doll.

The Legion and Auxiliary have been criticized for keeping and displaying the mementoes of war—guns, helmets, etc., as if our aim in so doing is to keep alive the spirit of war. Nothing is

Plan Another Round Robin This Summer

Tennis Association Stirring Up Interest In City-Wide Tournament

Two interesting sets of tennis were played on the public courts Monday afternoon, the results proving less than they might have if the play had been of tournament consequence.

Hiro Kaya disposed of Bill Hansen, 6-4. Hansen's speed was decidedly out of control during the latter games. Shortly afterward, Kaya dropped a shaky 6-4 set to Don Blanke, who won with the aid of a heavily spinning cork-screw service and several luck-laden chops.

According to Emile Smith, head of the local tennis association, another effort will be made to stimulate interest in a city-wide round-robin—names and arbitrary rankings being posted in the city park subject to challenge. He asks that everyone interested in participating communicate with him at his home. It is planned to have no entrance fee, each player purchasing balls prior to matches.

Two out of three set matches will probably be decided upon for the robin, in place of last year's two set system of play.

farther from our purpose. The Legion and Auxiliary are working quietly, persistently and patiently for peace based on lasting foundations of real understanding and friendship among nations. Display of war relics reminding us of the terrible times that must not come again, and dressing Fida dolls, are two widely divergent means of promoting peace.

President Leila Embree entertained the following Unit Chairmen at luncheon at her home last Tuesday: Child Welfare, Helen Lovejoy; Co-operative Sales, Berntha Irvine; Fidac, Maybelle Barker; Hospitalization, Lucille Pic-kett; Musician, Edith Woodruff.

Junior don't forget your meeting tomorrow at 2 o'clock, City Hall Basement.

A splendid Dance Recital was given Friday night by our youngest Senior member, Cricket Calkin. Junior Auxiliary was represented by Grace Jensen and Mary Lou Lovejoy. Others of Cricket's students, Miriam Coats, Leona High, Eugene Shetler, Donald Miller and Stanton Irvine, children of Auxiliary members, also participated. Many Auxiliary members were in the audience, among them Mesdames Shetler, Coats, Irvine, Wheeler, Calkins, High, Pratt, Lovejoy. These are the same children who performed in Mrs. Eakman's Dramatic Guild for the benefit of P.T.A. milk fund.

MANY out of town members were guests at the local chapter of the Eastern Star last Monday evening. The 18 officers of the Star were all filled by "Courtesy" guests belonging to chapters in the 50th district, Monterey Park, Alhambra, Arcadia, San Gabriel, Temple City and El Monte, who did all the ritualistic work. Following the stated meeting the guests gave a program, Mrs. Mabel Page Brown, 50th District Deputy Grand Matron, acting as mistress of ceremonies, after which the guests furnished and served refreshments in the banquet hall.

Small tokens of appreciation were given the courtesy guests by the officers of the local chapter.

KNIGHTS' TEMPLAR TO TAVEL ON "SPECIAL"

Arrangements have been made for two special trains to carry Southern California delegations to the grand encampment of Knights Templar to be held in San Francisco July 10, 11 and 12, is was announced today by G. W. Wetherby, district passenger agent of the Southern Pacific system.

Goden West and Los Angeles Commanderies of the lodge are sponsoring the trains to the triennial convolve, it was stated, one train to leave Los Angeles July 8 and the other on July 9.

MANY MOTORISTS MAY LOSE THEIR LICENSES

There are 150,000 automobile owners in the State who have not yet declared their machines on their personal property tax, according to reports from the assessor's office. License plates for 1935 will not be issued until taxes are paid on such vehicles, or else made a lien against real estate, motorists are reminded.

IN YOUR GARDEN

PLANTS MUST BE FED IF THEY ARE TO THRIVE

The average home garden is usually crowded with trees, shrubs and plants, and very often the gardener does not realize that the great networks of the plant roots are competing with each other for plant foods and the soil is overtaxed to such an extent that the smaller plants get very little nourishment.

If satisfactory results are to be obtained, the soil must be fertile and it is quite necessary to apply fertilizer in some form. Stained bonemeal raked into the surface soil after it has been spaded, and before it is planted will become available as a fertilizer 60 to 90 days later when the plants are very much in need of nourishment. Coarse barnyard manures are helpful in providing humus as well as plant foods, and during the early growing season, commercial fertilizers may be applied.

A well balanced fertilizer will supply all of the elements necessary for the normal growth of plants, and if the gardener is not familiar with fertilizing materials, it is probably best to use some recommended brand.

Many plant difficulties may be readily overcome with proper fertilization. Plants that are kept growing continuously are much harder and less susceptible to disease.

If you could get a bird's-eye view into the soil below the surface, and see the maze of roots hungrily reaching out for food, you would realize how inadequate the soil is.

CORRECT ANSWER FOR OLD MOTOR PROBLEM

Here is a problem which appears in the current issue of "The Safe Driver," a National Safety Council magazine. Can you solve it? asks the Automobile Club of Southern California.

"A motorist was 100 yards from an open level crossing and was proceeding at 45 miles an hour. A train was also approaching at 60 miles an hour and its distance from the crossing was 150 yards. Did the motorist get across?"

And here is the right answer: "Why, of course, he got a cross. His widow had it erected over his grave and paid for it out of his insurance money."

New Agreement Is Proving Boon To Orange Growers

California orange growers are now reaping in full measure the benefits of the regulation of shipments under the California-Arizona Citrus Marketing Agreement, according to E. L. Markell, field representative of the AAA. "Prices on the eastern markets are higher than they have been at any time in the past three years, and returns to the California producers are rolling in at the rate of approximately two million dollars weekly, on the basis of present prices. Due in part to a combination of favorable marketing conditions, this most gratifying situation was largely created and sustained by the regulated shipments under the marketing agreement."

CCC Camps Big Help To State

By RALPH H. TAYLOR
Sec. Agricultural Legislative Committee of California

OF all the emergency work programs initiated by President Roosevelt in his fight against depression and unemployment, the Civilian Conservation Corps program—designed especially to aid the youth of the Nation—undoubtedly ranks as one of the most successful, if the projects are evaluated both from the standpoint of temporary relief and permanent benefits.

Balancing the ledger on the CCC camps for the first year, the Forest Service of the United States Department of Agriculture finds that more than 600,000 young men were employed, and that their earnings—paid to the boys and their dependents—amounted to \$77,000,000.

In addition, approximately \$145,000,000 went into the purchase of equipment and supplies for the camps, thereby helping business and industry.

But of even greater importance, the work provided was on constructive forestry and conservation projects, productive of lasting benefit not only to the men themselves but also to the economic life of the country. "It has benefited the health and morale of these youths, trained them in vocations and aided in their education," reports S. B. Show, the regional forester.

California, due to the fact that more of the camps were located here than in any other state, will share largely in the permanent benefits of the emergency program, according to Forester Show. California will receive cash dividends, he declares, both in increased protection from fire losses, and in flood and erosion control.

Fire Flames

By one of the boys

THE Chief took charge of the fire practice and sent the men on a run that required the efforts of all who could man the trucks on Friday. Assistant Chief Norris was not present at the practice, so it did not take so long for the hose to be returned to the trucks. Louie says "it's a good thing we don't haff twice as mucha hoze when Cheorche is arout."

For a change, the meeting was over early, allowing Harry Scott to hire a truck and go out and get some food. Scotty was not gone long, but brought back a fresh ham cooked to a king's taste and so many other good things that everyone was gorged. The usual good time was had by all.

The much abused auto bombs that have been finding their way beneath a great many hoods of cars did not escape the pranksters of the fire department. On Friday night when the crowd had gathered about the station, one of the mischievous boys placed a whizzer under the hood of Lee Hibbs' car. In order to decoy Lee into the car, Harry Scott invited Hibbs to drive him to a place of business where they sell special treats. Lee willingly accepted the invitation and to the disappointment of many firemen, his car started without the expected explosion. The most disappointed of all these fellows (who were hiding behind walls and boxes) was Scotty, because he carried the offer through, which cost him 30 cents. The bomb was a "dud."

Dance Revue Gives Capacity Audience Some Modern Ideas

By Henry Ivins Hauzhurst

Only on rare occasions has the Woman's Clubhouse been crowded to capacity as it was last Friday evening and certainly never before with a more appreciative and demonstrative audience. The occasion was a revue presenting pupils of the Cricket Caudin Studio of Dancing who covered about all of the terpsichorean art expression from the rumba to the Geisha.

The performance opening with the Cricket Capers included Marvel Roberts, LaVonne Babbitt, Nancy Bumpus, Betty Askew and Alberta Myers and the youngsters received a big hand for the pep they put into their number.

Have you ever seen the Faun dance done . . . by Cricket Caudin? It was the first time I ever came face to face with a real Faun but if Cricket is a sample of them I'm a hundred percent for these deities of the woods.

The Elves, with Katherine Baker as soloist and a background supplied by Grace Jensen, Mary Lou Lovejoy, Mary Baker, Charleen Norris, Maurine Norris, Georgyne Norris, Doris Pickett and Margaret Young, was artistic and especially amusing when the swishing antennas—or

hickies that protrude from their whatever elves call the doo-heads—bopped about. "Soaring" was interpreted by Lucile Barchard, who put plenty of aviation take-off in her nimble toes.

Four numbers, Sophistique, Gypsy Moon, Toe Jazz and Nautch Dance expressed by Frances Neumann, June Solnit, Enid Clayton, Lucile Barchard and Ruth Klunk were really artistic and indicated great promise for the young artists.

The Hayseed, a hick dance done by Cricket Caudin, saucily dressed in the last word, in a milk maid's costume with James Kelleher and Bob Ward in overalls was a wow. Other numbers included the High-Hatters, Waltz Clogs and Soft Shoe dances, all of which brought hearty applause. One of the biggest hits from a comedy angle was the "Daisies Won't Tell" number in which James Kelleher did himself proud.

The program was good and the show well staged . . . the audience showing great appreciation.

his old jinx again in the ninth. Pasadena loaded the bases in the very first inning after Pratt fumbled an infield hit, but daring base running caused two runners to be nipped and Reavis closed the inning with a snappy infield catch after one run went over.

Pasadena scored two in the second and two more in the fourth on an error and two hits. Three singles gave them another in the fifth and two hits and an error in the sixth netted two more. The score:

Important Study Is Begun By Woman's Economic Group

Two notable women, Marian Foster Wotherspoon and Emily B. Latham were guests of the Women's Economic Study group on Tuesday.

The former, candidate for the assembly, began an interesting and informative discussion on education and welfare and the balance between production and consumption, which will be continued next Tuesday at 10 o'clock in the Lawless garden.

Mrs. Latham, formerly a member of the board of the Tehachapi Prison Farm, told of the removal of the Women's Board, the taking over of the institution by the Prison Board, and the frustration of the plan to provide the inmates with work. Self-supporting institutions in other states, in particular in Minnesota, where inmates are benefited by out door and indoor work, and fitted for useful lives upon their release, were described.

Mad Pace Of Kiwanians Is Halted

Poor Hitting And Costly Errors Bring Two Defeats—One A Real Stinger

Jack Brain's Kiwanian wonders were slowed up in their sensational pace by two defeats during the week. The strong Lucerne Creamery nine from Los Angeles drubbed them by a score of 9 to 6 on the local grounds last Thursday and the hard-hitting, quick thinking Mallorys of Los Angeles administered a stinging defeat, 13 to 3, here on Monday.

It was a patched up team that Brain sent on the field against the Lucerne club. The locals were charged with a total of seven errors, three of which were responsible for as many runs. Ross and Brain got half of the eight hits of the locals, Ross and Hedlund getting circuit clouts.

The Kiwanian Club invited the ball team it sponsors to its dinner in celebration of all Kiwanian night at the Woman's Club House Monday evening and the fact that they rushed right from a big meal to the ball field is given as one of the reasons for their poor showing against the Mallorys, who broke the tie between the two teams. Errors were costly to the home boys, accounting for at least five of the visitors runs. However they were able to connect for only six hits in the nine innings. The score:

PIANO STUDENTS IN BRILLIANT RECITAL

Pupils of Mrs. Myrtle Hill presented a refreshing program of varied piano selections at Mrs. Hill's home, 168 East Central avenue, on Tuesday afternoon. Sylvia Shippey danced the "Doll Dance," accompanied by Joan Hinkley at the piano. Those participating in the piano recital were complimented on phrasing and interpretations. In the group were Virginia Liscomb, Grace Annas, Marion Carlton, Kathryn Dowdy, Joan Hinkley, Mario Uarti, Marguerita Sandoval, Ruth Lopez, Jackie Meader, Theresa Keyes, Donald Keys, Anita Reel, Nancy Reel, Lois Wilson, Betty Ortiz, David Loop, Nellie Gonzales, Carmen Gonzales, Kathleen Johnson, Dorothy Pratt, Margerite Bridgeland, Mrs. Lester Layton, Alfredo Portilla, Berta Uarti, Regina Riveria and Victoria Ballesteros.

UNEMPLOYED WOMEN TO OPEN EXCHANGE

Unemployed women will open a store soon at Central and Baldwin avenues, where they will do sewing of all kinds. Each woman is devoting as much time to sewing on quilts and novelties as she can, preparatory to the formal opening. The new organization will be known as the Women's Exchange. A food sale is being planned for Saturday, June 23.

Yo-Yo Champion To Perform In Window Of Ellery's Store

Fascinating tricks of the Yo-Yo will be demonstrated on Saturday in the window of the Ellery Hardware company, 41 North Baldwin avenue, by Tex Schultz, Yo-Yo champion. Everyone is cordially invited to learn new tricks and how to master its problems. The tricks, figure eight, three leaf clover, walking dog, over the falls and around the world will be explained by Mr. Schultz. This will also present an opportunity for parents and children to become acquainted with Mr. and Mrs. S. W. Ellery, new proprietors of the store.

Woman's Club Notes . . .

WITH Mrs. James M. Campbell, first vice-president, presiding and a group of grade 5A pupils who have studied Mexico with their music teacher, Miss Fowler in attendance at Wednesday's meeting of the Woman's Club, a session of unusual interest was enjoyed.

After the salute to the flag and invocation by Mrs. W. J. Lawless, the music chairman, Mrs. George Morgridge, who has given the club a series of fine musical preludes to the programs, and a series of evenings of music appreciation as well as several delightful programs, presented little Miss Victoria Belosterras in piano numbers.

The walls of the auditorium, the stage and the lobby were adorned with the colorful collections loaned by the speaker of the morning, Mrs. M. R. de Wright, supplemented by exquisite Spanish shawls of Mrs. Borradaile's collection, zepapes and drawn work by Mrs. M. A. Copps, and colored drawings of Mexican subjects by pupils of our school. Some of the drawings will be exhibited at the County Fair.

Mrs. de Wright, radiant in the brilliant costume of the China poblana, spoke with keen analysis of the art, culture and handicraft of Mexico, one colorful word picture following another with convincing realism. The speaker's extensive travel into all parts of the republic has provided not only material but a detailed knowledge of the prehistoric peoples whose civilization antedates that of Egypt.

"Craft work for its own sake with no thought of profit," said the speaker, "and contentment in the simplest menage balances a definite philosophy of life in Mexico." The president, Mrs. J. Milton Steinberger, spoke earnestly of the unwillingness of women to thought and effort, and warned that the reappearance of the fluffy silk-petticoat and the corset and long skirt boded ill for soul freedom.

Marion Forester Wotherspoon spoke comprehensively of the long struggle for citizenship, citing events and contacts of those early days when Jane Addams' work began in Chicago. While agreeing with Mrs. Steinberger that women's groups had lost momentum, the speaker prophesied

Endeavorers Name Officers At Annual Meeting Of Society

A new kitchen floor for about \$1.10—that's easy to keep clean, with Acme Quality Granite Floor Enamel. S. M. Hardware Co.—Adv.

To My Fellow Citizens of the 48th Assembly District:

Greetings---

I HAVE TRIED, honestly and conscientiously, to serve this District and the State usefully, as Assemblyman. Measures in the 1933 Legislature which affected governmental economies had my whole-hearted support. I favored them—as I favor now—relief to property owners through lower taxes on common property. I favor lessening of outrageously high penalties on delinquent taxes. I favor fair treatment and relief for home-owners burdened with mortgages. I strongly favor lifting unemployment from the stigma of pauperism and beggary to the self-respecting level of a business-like system of unemployment insurance, burdensome to none.

I have tried to be fair to all legitimate interests. I have striven to serve my District and the State loyally and effectively. I have worked to protect the homes of California against the kidnaper and the murderous criminal.

There is more to be done; I shall be proud and eager to help make California the unhealthiest state in the Union for criminals.

I respectfully lay my work in the 1933 Legislature—and since—before my neighbors and fellow citizens for their judgment. If I merit your confidence, and if you send me back to Sacramento with a mandate to serve you to the best of my ability, I shall honestly strive to represent your interests, and the interests of the whole state, faithfully and energetically.

Cordially,
FRANK G. MARTIN.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Mental Education
New Jersey State Department of Public Instruction

What Should Children Eat?
I'm often asked what growing school children should eat. These are the essentials of the best possible daily diet:

1. A quart of milk, "the most nearly perfect food," in some form, that is, as a beverage, in custards and puddings, on cereals.

2. Generous servings of at least two vegetables; one cooked vegetable, one green-leafy vegetable, and tomato in some form daily. Every mother should be familiar with the exceptional value of the tomato.

3. Fruit, either raw or cooked. There is especial merit in the fruit-juice beverages made from the orange, the lemon, or grapefruit, though tomatoes and tomato juice, which are less expensive, will take the place of the citrus fruits.

4. Egg, meat, or fish, in moderate amounts as compared to the above basic foods, should appear in every child's diet.

5. Bread and butter are also essentials. The kind of bread does not matter if the child is receiving his daily ration of fruits and vegetables. Lacking these, whole wheat bread is necessary.

Next week Dr. Ireland will discuss the symptoms of eye strain.

Mr. and Mrs. Ted R. Smith and Mrs. Flora Lajune, of Pasadena, spent Sunday with Mrs. M. B. Hitchcock, of Belle Vue Court.

Mrs. Peggy Cook, florist, of Kingman, Ariz., is visiting Mrs. Stella Weaver, of Brookside Lane, for several days.

Miss Clara Sykes and Miss Thryza Golden, of West Highland avenue, left on Tuesday to live for sometime at Wilmington.

Miss Kathleen Mootie, of West Central avenue, spent the weekend with her sister, Miss Dorothy Mootie, in Westwood.

Mr. and Mrs. Emile Smith, of Wilson avenue, left on Wednesday for a two months' visit with relatives and friends in Cleveland, Ohio.

Mr. and Mrs. Herbert Reel and family, of 336 Sturtevant Road, left this week to spend the summer at their home in Douglas, Michigan.

Mrs. S. S. Wyand of Duluth, Minn., is house guest of her brother and wife, Mr. and Mrs. W. E. Farman, of 32 East Highland avenue, from Sunday to Wednesday of this week.

Mr. and Mrs. Isadore Fisher and son left Tuesday morning for a month's trip to Chicago. They took with them their nephew, Jack Comins, also of this city. They will visit points of interest enroute.

Mr. and Mrs. J. H. Vickers, of 279 East Grand View avenue, are spending the month of June at Elsinore, where Mrs. Vickers is taking the baths. They are staying at the Gallagher Apartments.

Mrs. George B. Morgridge, of West Orange Grove avenue, attended her annual U.S.C. society banquet at the University Club in Los Angeles on Tuesday evening. Mrs. Morgridge was in charge of the musical program. Thomas P. Kimbrough, long-time resident of Sierra Madre and veteran shoe-maker, who has been ill at his home, 196 East

Montecito avenue, for the past three weeks, is recovering. He is still confined to the house and will welcome calls from his friends.

To MY FRIENDS and POLICYHOLDERS

Statements have been made to the effect that I have disposed of ALL of my Insurance business; that I no longer have any interests in Sierra Madre. I am taking this means of correcting that impression. Circumstances made it necessary for me to discontinue my office and a portion of my insurance business which was turned over to Mrs. Helen M. Gerschler. Those policy holders were so advised by letter.

I still have property in Sierra Madre, and will continue to service the balance of my policy holders and look after their interests in the Great American Insurance Co. of New York and the Fidelity-Phenix of New York, which are two of the strongest and best known Board Companies. A continuance of your confidence and patronage is respectfully solicited.

You may reach me promptly by addressing Box 96, Sierra Madre, or leaving message at Sierra Madre Savings Bank.

The friendship and business patronage that I have enjoyed in Sierra Madre has been very much appreciated and I am looking forward to the time when I may again spend all of my time in this community.

CLASS**

CONSIDER the facts about the
Ford V-8. The delivered price
is decidedly low . . . yet it is a
big, roomy 112-inch wheelbase car
with many features found ordinarily
in the most expensive automobiles.
It is the best Ford ever built . . .
the most economical. This has been
proved by the
unbiased testi-
mony of own-
ers in over
TWO HUN-
DRED
MILES
OF DRIVING. And the cost of
service — if you need it — is
modest by any standard!
Here you get a V-8 engine that
responds instantly to your demands
when speed means safety. You get
an all-steel welded one-piece body—
durable enamel finish — beautiful
upholstery—free action on all four
wheels, with the safety of a husky
front axle.
And your good judgment in pur-
chasing a Ford V-8 is justified when
you realize that, for Ford
trade-in values are high.
